Our network is always evolving, so once you've chosen the doctor, other healthcare professional or hospital you'd like to visit, we recommend you go online to [www.oxfordhealth.com](http://www.oxfordhealth.com). At [oxfordhealth.com](http://oxfordhealth.com), you will find the most up-to-date information about participating network physicians and healthcare professional, including credentials, maps and various other resources designed to help you make informed decisions about your medical care. Since this information changes frequently, always verify the accuracy of the information directly with the physician, hospital or other healthcare professional. To verify any doctor or hospital's participation in the network, you can also call Customer Service at the toll-free number shown on your Oxford ID card.

The UnitedHealth Premium® designation program is an information resource to help you choose a physician. It may be used as one of many factors you consider when choosing the physician from whom you receive care. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. You may also wish to discuss a physician's designation with him or her, prior to selecting the physician. Like many performance assessment programs, physician evaluations have a risk of error. Please see [www.oxfordhealth.com](http://www.oxfordhealth.com) for detailed program information and methodologies.
